

Kitty litter change reminder for clay litter

Print out and hang up next to your litter box(es).

According to cuteness.com: "If you want to ensure your cat reliably uses his litter box, scoop the stool matter and urine out on a daily basis. If you have more than one cat in your household, aim to scoop even more often -- and provide one litter box for each cat, plus one."

"Regardless of the litter type, you must change it more often if there is a lot of wet clumping, if an odor persists or if your kitty goes to the bathroom elsewhere." pets.thenest.com
